2-Write a paragraph of five sentences about an invention that you can't live without:

(The Smartphone)

The invention I can't live without is the **smartphone**. Smartphones have changed the way we live and communicate. With a smartphone, I can easily stay in touch with my family and friends by calling, texting, or using video calls. It also helps me learn because I can search for information and study online. It also has useful apps like maps to help me find directions. The smartphone makes many things easier and saves time.
