2- Read the passage then answer the questions:

I'm Ahmed from Riyadh. Last summer, my older brother and I went to Sudan. My brother works for a charity that gives healthful food and school supplies to children there. They do fantastic work, but not many people know about it. His charity asked me to make a website for them so people could read about their work and help by giving money. I spent eight weeks in Sudan altogether. For the first two weeks, I traveled to different villages to learn about the charity. I was excited to help my brother and became proud of his work. Then, I went back to the capital city, Khartoum, and I designed and tested the new website. It was a success! Lots more people are giving money now to help the Sudanese children. It was an amazing experience. I met a lot of new people and lived in a different culture. After I went back to Saudi Arabia, my parents said I could do the same work from home. So, I discovered two other charities and designed websites for them. I love the work. Now I know what I want to do after college.
