

**First Semester of the Academic Year 1447-2025**

**Worksheet**

<b>Level</b>	<b>4</b>	<b>Name</b>	
<b>Subject</b>	<b>Math</b>	<b>Class</b>	

1) Saif wanted to know what food people like the most. He asked some customers at food corner Restaurant. Then, he made a pie graph to show the answers. Look at the graph and answer the questions.

- Which food do most people like? **Hotdog**
- Which food got the fewest votes? **Sandwich**
- How many people like fried chicken? **20**
- How many people chose burger? **25**
- How many customers answered the survey?  **$13 + 20 + 30 + 25 + 7 = 95$  customers**
