The Weather Around the World!

Riyadh has a hot desert climate. The air is very dry, and it doesn't rain a lot. Summers are very hot at about 40°C, while winters are cool at about 15°C. There are also sandstorms between January and August which can be dangerous sometimes.

Canada has a cool and wet climate. The air is very humid all year round which means there is a lot of water in the air. Summers in Canada are warm at about 23°C and it is the sunniest season, although it rains often. Winters in Canada are cold at about -8°C and sometimes much colder. It is windy and it snows a lot in winter.
